

STELLA A OTTO PUNTE MODULARE

di Luigi Leonardi

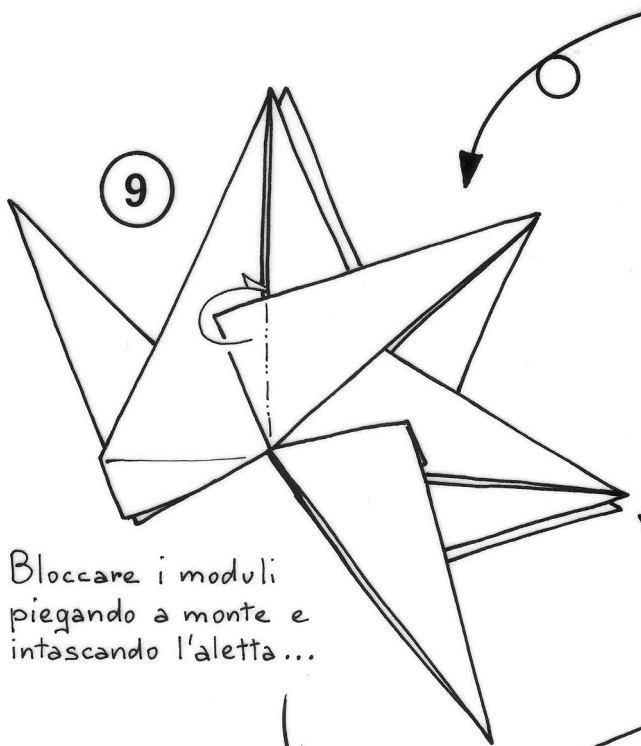

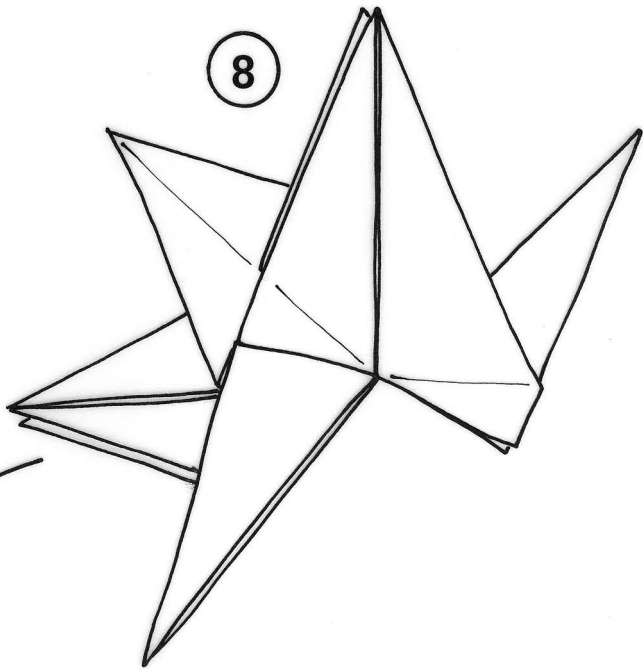

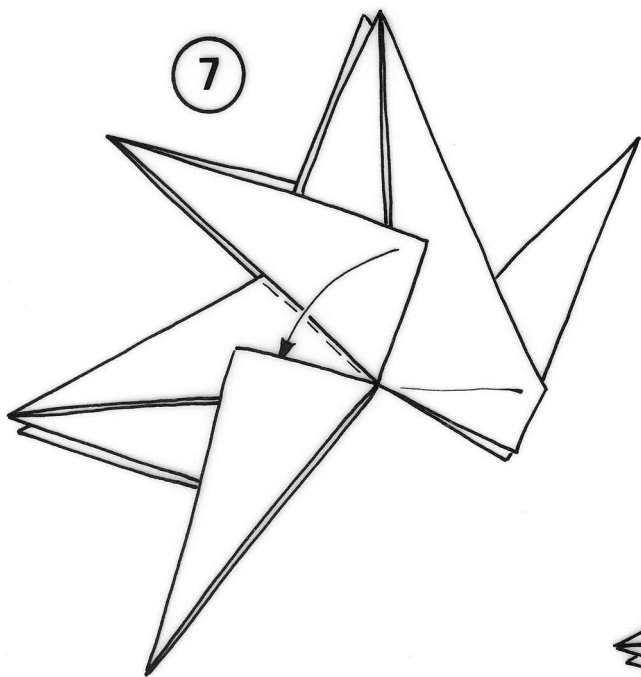

Base della gru

Parte bianca sopra

Modulo base.

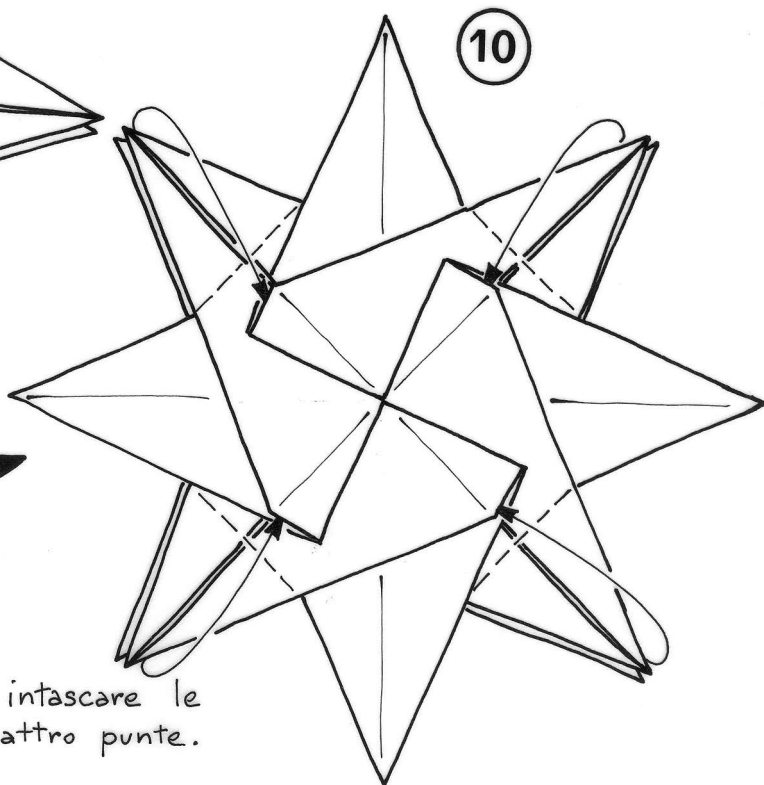

Preparare quattro moduli.

Inserire le due alette delle punte di destra di un modulo nelle tasche della punta di sinistra di un altro modulo.

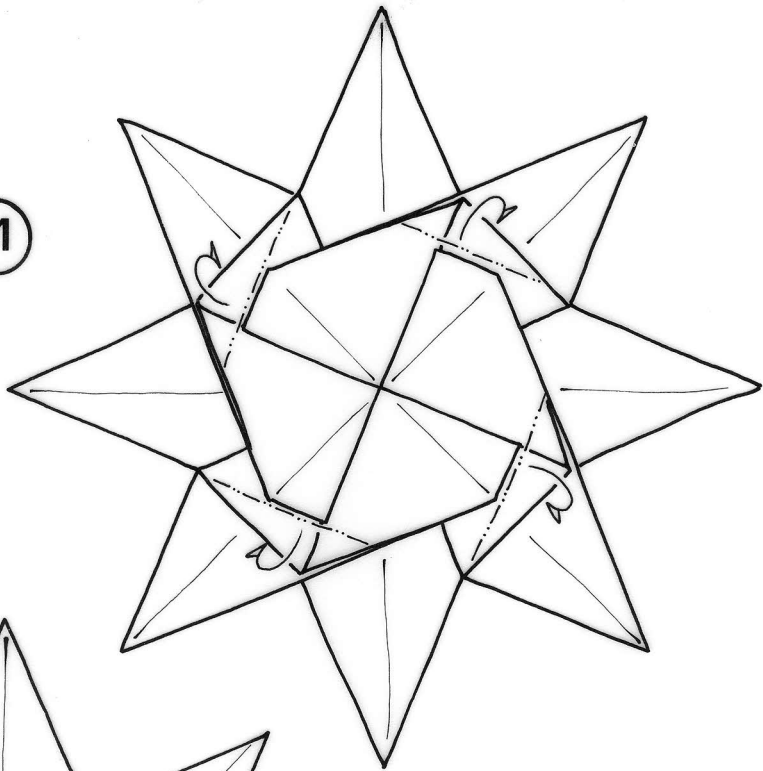

Bloccare i moduli
piegando a monte e
intascando l'aletta...

... Inserire anche gli
altri due moduli, voltare
il modello e...

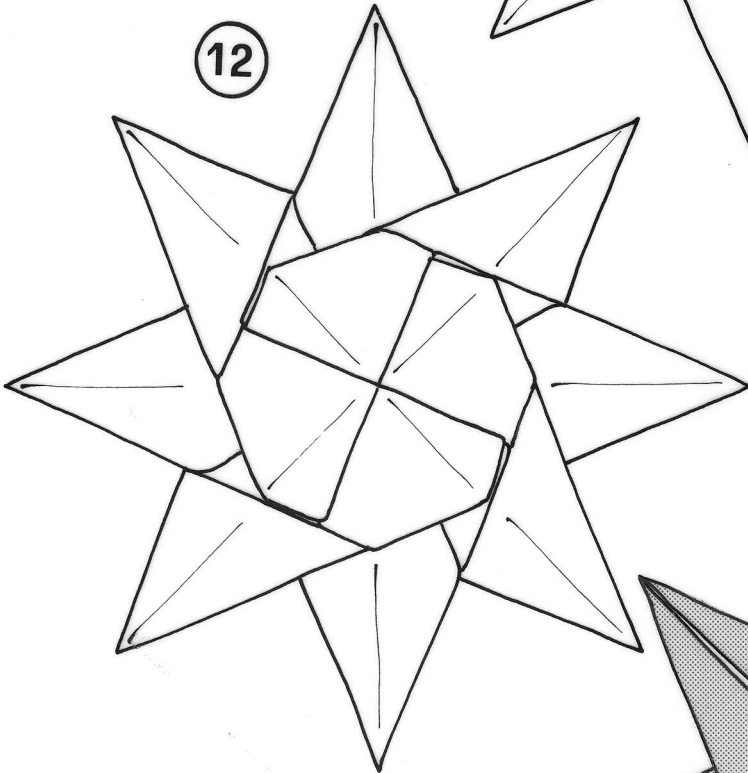

... intascare le
quattro punte.
